**SECTION 4: HEALTH, EDUCATION AND COMMUNITY PARTICIPATION**

Health insurance and  
 Hospital admissions

\*\*\* PLEASE TAKE NOTE REGARDING DATA FOR THIS SECTION\*\*\*

The data for Hospital Admissions was fundamentally reshaped and flattened, making the data reasonably different to what is seen here in the Questionnaire. Please read the SOP, Issues paper and Data dictionary to fully understand the issue with this sub-section of the data.

As you know, today's session is specially about children's physical health. We are interested in the types of health and education services that Australian children receive and the community activities that they take part in. All of these can influence health. In this section, we ask some general questions about your child's use of services. Then we ask some detailed questions about services they have used and activities they have taken part in over the last year. Please answer as well as you can.

{fch30c01a} [CASI D94] Is your child covered by a Health Care Card (this is different from the Medicare card)?

- ☐ 1 Yes  
☐ 0 No

{fch30c01b} [CASI D95] Do you or your partner currently have Private Health Insurance that covers child?

- ☐ 1 Yes    ☐ 0 No

BRANCHING: [fch30c01b]='1' {fch30c01c} [CASI D95.1]

Do you have Private Health Insurance coverage for hospital stays only, or does it also cover out-of-hospital services like dental and optical care?

- ☐ 1 In-hospital care only  
☐ 2 Also covers "extras" such as dental, optical, physiotherapy etc.

The next questions are about any times your child may have stayed in hospital. You can use the Parent Pre-visit Checklist to help with this.

{fch30c02a} [CASI D96] Not including when he/she was born, has your child EVER stayed in hospital for at least one night for any reason?

- ☐ 1 Yes  
☐ 2 Never admitted  
☐ .b Don't know

BRANCHING: [fch30c02a]='1' {fch30c02b} [CASI D96.1]

## SECTION 7a: COMMUNITY ACTIVITIES

### Community Activities

Growing up in Australia (2017), McCallum et al. (2005), and Wake et al. (2012)

\*\*\*PLEASE TAKE NOTE REGARDING DATA FOR THIS SECTION\*\*\*

The data for Community Activities was fundamentally reshaped and flattened, making the data quite different to what is seen here in the Questionnaire. This explains why some variables are referred to with an asterisk \*. Please read the SOP and Data dictionary to fully understand the issue with this sub-section of the data.

Regarding Branching code, each of the 7 different types (club, team, etc.) followed the same branching format. If they answered Yes to the general question, they were asked 'How Many?' This then determined whether they were given space for 1, 2, or 3 activities within that type. If they answered more than 3, an 'overflow' space was provided to describe further activities.

Finally, we would like to know about the community activities that your child regularly takes part in. In the last 12 months, has your child participated in any of these activities (outside school hours even if organised by the school)?
